Year End Report (7/1/97 - 12/3/97)

Dear Mr. Gibson:

Pursuant to your letter of April 16, 1998, I am enclosing corrected Schedule A for Line Number 11(c).

At the time that the report was submitted, the campaign had been experiencing considerable problems with its newly developed FEC computer program, problems which have now been remedied. Unfortunately, when the programmer attempted to correct the aggregate year-to-date error when it first came to light, his correction identified and listed only those aggregates which were the result of two or more contributions for the year 1997. Those contributions for which the aggregate simply reflected the amount of the listed contribution were inadvertently omitted. I do not anticipate future problems in this area, and I regret any inconvenience which this oversight may have caused.

Please feel free to give me a call at (540)628-7197 if you have any further questions or concerns.

Sincerely,

A handwritten signature in cursive script, reading "Deirdre S. Goldsmith".

Deirdre S. Goldsmith, Assistant Treasurer
Boucher for Congress
